

Inn at a Glance™

## A HOSPITALITY MANAGEMENT SOLUTION.

**Introducing Inn at a Glance™** – A management tool that allows owners, general managers and team leaders access to most critical operating information on one single dashboard. Inn at a Glance can replace numerous different printed reports, reducing paperwork and improving inter-departmental awareness/communications. By providing a single portal to all operational areas, management can get a “birds-eye” view, identify areas for follow up and plan for the future.

### FEATURES:

- + One single, secure access to both “hard” and “soft” data
- + Easy-to-upload; no programming required. We link to most PMS systems.
- + User can set multiple levels of access: master control and limited access
- + Secure https site; protects data confidentiality
- + Date coding allows for 24 hour operations
- + Links to key social media and additional sites such as Trip Advisor
- + Operates on any PC (IE 7 or higher) or Mac with Internet access. iPad compatible too!
- + Multi-unit “master” overview capability for groups or chains
- + Multi-property capability allows groups/owners to view individual properties from a single Inn at a Glance interface

### **\$1,999 INSTALLATION + \$249 PER MONTH**

(Monthly price includes licensing and email-response technical support. Secure hosting provided at no charge.)

*No contracts. No long term commitments are required.*

A lite version of Inn at a Glance without a PMS link is available at a cost of \$999 for installation and \$199 per month for licensing and technical support.
